

SENATOR DUIS: I move.

PRESIDENT: You've heard the motion. Senator Murphy, do you wish to be heard on this matter.

SENATOR MURPHY: I'm afraid this bill speaks directly to the combination of three bills that is presently two of them on General File and one of them on Select. There has been an invitation extended to anyone who wishes to further develop it with these three bills. I'm afraid we're going to get into another layer that may not relate and I would much prefer that this bill introduction be held until we can deal effectively with the three we have before us. I would certainly welcome Senator Duis to join that committee because I think whatever he wants to accomplish not having seen the bill, I can't tell you. But whatever he wishes to accomplish, I think the group that is going to meet on this issue would enjoy his input at that point.

SENATOR DUIS: I'm sorry, Senator Murphy, apparently you weren't at the meeting this morning, the executive session, when we discussed this. This has to do with the met system and we're doing our best to get this bill introduced.

SENATOR MURPHY: I'm sorry, Senator Duis, I have another bill introduction in front of me and I am misspeaking.

SENATOR DUIS: This one is to assist the met system. I would call for a vote if I might.

PRESIDENT: Senator DeCamp.

SENATOR DECAMP: Mr. President, as Senator Duis correctly stated, we had a meeting on this. I think all the members of the committee signed it. The met system have some questions. The Justice Department has raised some questions. Nebraska Bankers and all Nebraskans have an interest in this. This bill may become before the end of this session an extremely important and extremely critical bill. We're getting more information each day. We've got some people going back to Washington. I think we have to get the bill introduced now so that we can begin dealing with the problem on an organized and reasonable basis. I would ask you to go ahead and get the bill introduced now.

PRESIDENT: Any further remarks? The question is the consent asked to introduce the bill. Record your vote. Have you voted? Record. Excuse me, don't record. Record.
